

# Specifying Healthcare & Carehome Furniture

# teal

This seminar aims to assist you in the design of comfortable, safe healthcare & carehome environments by giving you an insight into the key parameters to achieve, as far as practical, healthy furniture, as well as discussing some common problems which can prevent it.

Topics addressed in this CPD presentation include:

- Specifying ward furniture
  - *Specifying the right chair*
  - *Overbed tables in a clinical environment*
  - *Bedside lockers*
- Infection outbreaks
- Care & maintenance
- Common furniture problems
- Manual handling
- Tissue viability
- Pressure mapping
- Fabrics
- Fire retardancy
- Sample materials

**Teal** are an innovative solutions based provider of seating, ward furniture and specialist products for healthcare. **Teal** furniture is exclusively distributed in Ireland by commercial furniture specialists, **Walls To Workstations**.
